

Motion: Upon reconsideration of the board's November 18, 2014, decision regarding Kenneth Ferguson (K-11229), the board hereby amends that decision to read: "Refer for a rescission hearing to consider the concerns stated by the Governor in his October 22, 2014, request for en banc review, in particular the evidence in the record that indicates the inmate has not sufficiently addressed his explosive anger which precipitated the life crime making him likely to resort to violence if angered in the free community. The board further orders an investigation of the inmate's institutional programming related to domestic relationships."
