

ADDENDUM MEDICAL PAROLE FINAL STATEMENT OF REASONS

INCORPORATION BY REFERENCE

Subsection 3359.2(a) incorporates by reference CDCR Form 7478 (12/10), Medical Parole Form, and CDCR Form 7385-MP (03/11), Medical Parole Authorization for Release of Information. These documents were created by the Department to help facilitate the Medical Parole process, and are available to the public upon request; therefore, it would be impractical and cumbersome to publish in the California Code of Regulations. CDCR Form 7478 and CDCR Form 7385-MP were made available to the public throughout the rulemaking process, and will continue to be made available to the public.

Subsection 3359.2(h) incorporates by reference CDCR Form 1515-MP (02/11), Conditions of Medical Parole. This document was created by the Department to help facilitate the Medical Parole process, and is available to the public upon request; therefore, it would be impractical and cumbersome to publish in the California Code of Regulations. CDCR Form 1515-MP was made available to the public throughout the rulemaking process, and will continue to be made available to the public.

Subsection 3359.5(a)(2) incorporates by reference CDCR Form 1650-MP (02/11), Medical Parole Initial Interview/Contact. This document was created by the Department to help facilitate the Medical Parole process, and is available to the public upon request; therefore, it would be impractical and cumbersome to publish in the California Code of Regulations. CDCR Form 1650-MP was made available to the public throughout the rulemaking process, and will continue to be made available to the public.

Subsection 3359.6(c) incorporates by reference CDCR Form 2219-MP (02/11) Medical Parole Status Change. This document was created by the Department to help facilitate the Medical Parole process, and is available to the public upon request; therefore, it would be impractical and cumbersome to publish in the California Code of Regulations. CDCR Form 2219-MP was made available to the public throughout the rulemaking process, and will continue to be made available to the public.
