The University's Criminal Justice programs are educational degree programs. For those interested in pursuing a career in law enforcement, corrections, or as a peace officer with any particular local, state, federal, or international agency, there are numerous additional qualifications (and often disqualifications) depending on the position. Before enrolling in a Criminal Justice program, potential students are **highly encouraged** to check with the relevant agency for a complete list of position requirements. **The University makes no representations regarding whether any particular University program will qualify a graduate for any such position.**

To receive any credits, students will need to submit a PLA application, proof of completion for their respective state P.O.S.T Academy training, and a course waiver form. There are fees associated with your PLA submission. However, you may be eligible for PLA benefits. Please contact your Finance Representative for more information.

While widely available, not all programs are available in all locations or in both online and on-campus formats. Please check with a University Enrollment Representative.
