AUTHORITY AND REFERENCE

PC Section 5000 provides that commencing July 1, 2005, any reference to the Department of Corrections in this or any code, refers to the CDCR, Division of Adult Operations.

PC Section 5050 provides that commencing July 1, 2005, any reference to the Director of Corrections, in this or any other code, refers to the Secretary of the CDCR. As of that date, the office of the Director of Corrections is abolished.

PC Section 5054 provides that commencing July 1, 2005, the supervision, management, and control of the state prisons, and the responsibility for the care, custody, treatment, training, discipline, and employment of persons confined therein are vested in the Secretary of the CDCR.

PC Section 5058 authorizes the Director to prescribe and amend regulations for the administration of prisons.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW:

This action will:

- Update the Milestone Completion Credit Schedule to account for various additions, revisions, and deletions to the rehabilitative programs available to inmates and the amount of credit inmates may earn for successful completion .
- Establish that any inmate assigned to a rehabilitative program shall be designated in Work Group A-1, which allows inmates access to the full range of rehabilitative and other programs, and therefore the most opportunities to earn credits to reduce his/her term of confinement.
- Establish that inmates assigned to any combination of a half-time work assignment plus a rehabilitative program shall be designated in Work Group A-1.

SPECIFIC BENEFITS ANTICIPATED BY THE PROPOSED REGULATIONS

The Department anticipates that these regulations will help to reduce recidivism and, eventually, prison overcrowding, by helping to better prepare inmates to find employment upon their release from California prisons.

EVALUATION OF CONSISTENCY / COMPATIBILITY WITH EXISTING LAWS/REGULATIONS

The Department has researched existing statutes and regulations regarding inmate credit earning and has determined that these proposed regulations are not inconsistent or incompatible with existing state laws and regulations.

LOCAL MANDATES:

This action imposes no mandates on local agencies or school districts, or a mandate which requires reimbursement of costs or savings pursuant to Government Code Sections 17500 - 17630.

FISCAL IMPACT STATEMENT:

- Cost to any local agency or school district that is required to be reimbursed: *None*
- Cost or savings to any state agency: *None*
- Other nondiscretionary cost or savings imposed on local agencies: *None*
- Cost or savings in federal funding to the state: *None*

EFFECT ON HOUSING COSTS:

The Department has made an initial determination that the proposed action will have no significant effect on housing costs.

COST IMPACTS ON REPRESENTATIVE PRIVATE PERSONS OR BUSINESSES:

The Department is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

SIGNIFICANT STATEWIDE ADVERSE ECONOMIC IMPACT ON BUSINESS:

The Department has initially determined that the proposed regulations will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

EFFECT ON SMALL BUSINESSES:

The Department has determined that the proposed regulations may not effect small businesses. It is determined that this action has no significant adverse economic impact on small business because they are not affected by the internal management of state prisons.

RESULTS OF THE ECONOMIC IMPACT ASSESSMENT:

The Department has determined that the proposed regulation will have no effect on the creation of new, or the elimination of existing, jobs or businesses within California, or affect the expansion of businesses currently doing business in California. The Department has determined that the proposed regulations will have no effect on worker safety or the state's environment because they relate strictly to the internal management of CDCR institutions.

The Department has determined that the proposed regulations may have an indirect positive impact upon the health and welfare of California residents by helping to reduce recidivism.

CONSIDERATION OF ALTERNATIVES:

The Department must determine that no reasonable alternative considered by the Department or that has otherwise been identified and brought to the attention of the Department would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provisions of law, than the proposed regulatory action. Interested persons are invited to present statements or arguments with respect to any alternatives to the changes proposed at the scheduled hearing or during the written comment period.

AVAILABILITY OF PROPOSED TEXT AND INITIAL STATEMENT OF REASONS:

The Department will make available the text and the Initial Statement of Reasons (ISOR) of the proposed regulations. The rulemaking file for this regulatory action, which contains those items and all information on which the proposal is based is available to the public upon request directed to the Department's contact person. The proposed text, ISOR, and Notice of Proposed Action will also be made available on the Department's website <http://www.cdcr.ca.gov>.

AVAILABILITY OF THE FINAL STATEMENT OF REASONS:

Following its preparation, a copy of the Final Statement of Reasons may be obtained from the Department's contact person.

AVAILABILITY OF CHANGES TO PROPOSED TEXT:

After considering all timely and relevant comments received, the Department may adopt the proposed regulations substantially as described in this Notice. If the Department makes modifications which are sufficiently related to

the originally proposed text, it will make the modified text, with the changes clearly indicated, available to the public for at least 15 days before the Department adopts the regulations as revised. Requests for copies of any modified regulation text should be directed to the contact person indicated in this Notice. The Department will accept comments regarding the modified regulations for 15 days after the date on which they are made available.

INITIAL STATEMENT OF REASONS:

The California Department of Corrections and Rehabilitation (CDCR) proposes to amend sections 3043 and 3044 of the California Code of Regulations (CCR), Title 15, Division 3, governing inmate credit earning and inmate work groups.

In 2009, Governor Schwarzenegger signed into law legislation (Senate Bill X3-18) which amended Penal Code (PC) section 2933 and created new section 2933.05. This law directly affects an inmate's credit earning and eligibility status.

PC section 2933.05 allows the Department to award an eligible inmate milestone completion credits to reduce his or her term of confinement in increments of not less than one week, but no more than six weeks, in a twelve-month period for completion of an approved rehabilitative program performance milestone. Each identified program is divided into milestones (components), for which credit will be awarded upon completion.

In 2010, the CDCR adopted regulations to comply with this legislation. The Milestone Completion Credit (MCC) Schedule was created to establish specific programs and credit allotments available to inmates.

In accordance with CCR, Title 15, subsection 3043(c)(1)(B)(6), all changes to the MCC Schedule shall be adopted in compliance with the rulemaking requirements of the Administrative Procedures Act. Therefore, CDCR has revised the Milestone Completion Credit Schedule, which is incorporated by reference into subsection 3043(c), with a revision date of January 2015. The MCC Schedule is amended to include various revisions, additions and deletions. These programs are amended or adopted to provide eligible inmates greater opportunity to participate in programs and to earn MCC upon successful completion. Additionally, new accredited certification programs have been added which provide inmates productive work and skill development opportunities to better prepare them to find employment upon release and thereby reduce recidivism. Many programs have increased the amount of credit an inmate can earn upon completion of specified objectives. Programs have been enhanced to meet changing needs within their respective industries. Specified programs are being discontinued due to changes in certification processes, including switching to on-line testing, which is currently unavailable to inmates. Specified programs have decreased the amount of credit earned for completing objectives because these programs have been separated into basic introduction and core skill level courses to provide the necessary development to the trade which will assist the inmate in transitioning to the next level.

Proposed amendments allow for inmates who participate in any assigned rehabilitative program to be designated Work Group A-1. Additionally, any combination of half-time work assignment and any assigned rehabilitative program shall be designated Work Group A-1. Work Group A-1 is the designation given to an offender whose assignment qualifies as a full time assignment. CDCR is proposing to allow an inmate who participates in any rehabilitation program or combination of rehabilitation program and work assignment to be designated as Work Group A-1 in an effort to incentivize participation in programs benefiting the inmate by increasing their ability to successfully reintegrate into society. Work Group A-1 allows inmates

access to the full range of rehabilitative and other programs, and therefore the most opportunities to earn credits to reduce his/her term of confinement.

Anticipated Benefits

The Department anticipates that these regulations will help to better prepare inmates to find employment upon release and, eventually, to reduce recidivism and overcrowding in California prisons.

Consideration of Alternatives

The Department must determine that no reasonable alternative considered, or that has otherwise been identified and brought to the attention of the Department, would be more effective in carrying out the purpose for which this action is proposed, would be as effective and less burdensome to affected private persons than the action proposed, or would be more cost effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

Currently, no reasonable alternatives have been brought to the attention of the Department which would alter the Department's initial determination.

Determinations of Impact on Business and Small Business

The Department has made an initial determination no reasonable alternatives to the regulations have been identified or brought to the attention of the Department, which would lessen any adverse impact on small business.

The Department has made an initial determination the action will not have a significant adverse economic impact on business. Additionally, there has been no testimony or other evidence provided that would alter the Department's initial determination. The proposed regulations affect the internal management of prisons only, and place no requirements or restrictions on businesses.

Reports/Studies Relied Upon

The Department has not relied upon any technical, theoretical, or empirical study, report, or similar document in proposing these regulations, other than the Economic Impact Assessment (see below).

Economic Impact Assessment

The Department has determined the proposed regulations will have no impact on the creation or elimination of jobs within the state. The proposed regulations affect the internal management of prisons only.

The Department has determined the proposed regulations will have no impact on the creation of new businesses or the elimination of existing businesses within California. The proposed regulations affect the internal management of prisons only, and place no requirements or restrictions on businesses.

The Department has determined the proposed regulations will have no impact on the expansion of businesses currently doing business in California. The proposed regulations affect the internal management of prisons only, and place no requirements or restrictions on businesses.

The Department has determined the proposed regulations may benefit the health and welfare of California residents by reducing recidivism and prison overcrowding. The Department has determined the proposed regulations will have no impact on worker safety or the state's environment as they affect the internal management of prisons only.

Specific Purpose and Rationale for each Section, per Government Code Section 11346.2(b)(1)

Section 3043. Credit Earning.

Section 3043 Presentence through Subsections 3043(c)(5) remain unchanged.

Subsection 3043(c)(6) is amended to establish the new revision date of January 2015 (01/15) for the incorporated by reference Milestone Completion Credit Schedule. The revision is necessary to include added, deleted and amended milestone completions and credits awarded for a variety of programs and courses available to eligible inmates.

Subsections 3043(c)(7) through 3043(i) remain unchanged.

Section 3044. Inmate Work Groups.

Subsections 3044(a) through 3044(b)(2) remain unchanged.

Subsection 3044(b)(2)(A) is amended to establish that any inmate assigned to a Rehabilitative Program, to include but not be limited to: Substance Abuse Treatment, Cognitive Behavioral Treatment, Transitions, Education, Career Technical Education or any combination thereof, shall be designated Work Group A-1. This is necessary to establish that an inmate assigned to any rehabilitative program shall be designated Work Group A-1, regardless of half time or full time assignment. The existing language which specifies that a full time rehabilitative program shall not be less than 3 hours of work participation per programming day is deleted as this provision is no longer a requirement. Additionally, incentivizing participation in programs benefiting the inmate will increase their ability to successfully reintegrate into society and reduce recidivism. Work Group A-1 allows inmates access to the full range of rehabilitative and other programs, and therefore the most opportunities to earn credits to reduce his/her term of confinement.

Subsection 3044(b)(2)(B) is amended to establish that any combination of half-time work assignment and any rehabilitative program as described in subsection (A) above, shall be designated Work Group A-1. This is necessary to promote positive programming as the Department believes inmates who successfully complete any rehabilitative programming increases their ability to successfully reintegrate into society and ultimately reduce recidivism. Work Group A-1 allows inmates access to the full range of rehabilitative and other programs, and therefore the most opportunities to earn credits to reduce his/her term of confinement. Existing language which required that combination assignments meet the same minimum participation as a regular full-time work assignment and each combination half-time assignment required the same minimum participation as a half-time work assignment is deleted as it is no longer required due to amended language in Subsection 3044(b)(2)(A).

Subsections 3044(b)(2)(C) through 3044(j)(3) remain unchanged.
