3.2 COMMENTS AND RESPONSES ON THE DEIR

The individual comments received on the DEIR and the responses to those comments are provided in this section of Chapter 3. Each comment letter or public hearing transcript is reproduced in its entirety and is followed by the response(s) to the letter. Where a commenter has provided multiple comments, each comment is indicated by a line bracket and an identifying number in the margin of the comment letter or transcript.

CDCR noted that some similar comments were made frequently and by multiple commenters. To allow presentation of a response that addresses all aspects of such related comments, Master Responses have been prepared for three common issues raised in these comments. A reference to the Master Response is provided, where relevant, in responses to the related individual comment. The following Master Responses have been prepared:

- ▲ Master Response 1: Public Outreach and Public Review Period
- ▲ Master Response 2: Evaluation of Closure of California Rehabilitation Center, Norco
- ▲ Master Response 3: Evaluation of Socioeconomic Effects Under CEQA
