

# Statistical Report (SB 601)

## Counting Rules 2016

### Number and Housing Level of Inmates

1	<b>Level I</b>	Number of male inmates assigned to a Security Level I bed on the last calendar day of the reporting month. This is a point-in-time-count as of the last day of the reporting month. Count excludes inmates on temporary release, under Community Rehabilitative Program Placements (CRPP) supervision, in an in-state contract bed (with the exception of the California City Correctional Facility), in the Department of State Hospitals (DSH), and in Out-of-State Correctional Facilities. Security Levels I-IV is only used for institutions that house male inmates. Count is not subject to future restatement or correction.
2	<b>Level II</b>	Number of male inmates assigned to a Security Level II bed on the last calendar day of the reporting month. This is a point-in-time-count as of the last day of the reporting month. Count excludes inmates on temporary release, under Community Rehabilitative Program Placements (CRPP) supervision, in an in-state contract bed (with the exception of the California City Correctional Facility), in the Department of State Hospitals (DSH), and in Out-of-State Correctional Facilities. Security Levels I-IV is only used for institutions that house male inmates. Count is not subject to future restatement or correction.
3	<b>Level III</b>	Number of male inmates assigned to a Security Level III bed on the last calendar day of the reporting month. This is a point-in-time-count as of the last day of the reporting month. Count excludes inmates on temporary release, under Community Rehabilitative Program Placements (CRPP) supervision, in an in-state contract bed (with the exception of the California City Correctional Facility), in the Department of State Hospitals (DSH), and in Out-of-State Correctional Facilities. Security Levels I-IV is only used for institutions that house male inmates. Count is not subject to future restatement or correction.
4	<b>Level IV</b>	Number of male inmates assigned to a Security Level IV bed on the last calendar day of the reporting month. This is a point-in-time-count as of the last day of the reporting month. Count excludes inmates on temporary release, under Community Rehabilitative Program Placements (CRPP) supervision, in an in-state contract bed (with the exception of the California City Correctional Facility), in the Department of State Hospitals (DSH), and in Out-of-State Correctional Facilities. Security Levels I-IV is only used for institutions that house male inmates. Count is not subject to future restatement or correction.
5	<b>Camps – Female</b>	Number of female inmates assigned to a camp bed on the last calendar day of the reporting month. This is a point-in-time-count as of the last day of the reporting month. Count is not subject to future restatement or correction.
6	<b>Camps – Male</b>	Number of male inmates assigned to a camp bed on the last calendar day of the reporting month. This is a point-in-time-count as of the last day of the reporting month. Count is not subject to future restatement or correction.
7	<b>Non Level – Specific Beds</b>	Number of inmates assigned to a bed type not listed elsewhere in the report on the last calendar day of the reporting month. This is a point-in-time-count as of the last day of the reporting month. Count excludes inmates on temporary release, under Community Rehabilitative Program Placements (CRPP) supervision, in an in-state contract bed (with the exception of the California City Correctional Facility), in the Department of State Hospitals (DSH), and in Out-of-State Correctional Facilities. Count is not subject to future restatement or correction.

# Statistical Report (SB 601)

## Counting Rules 2016

### Number and Housing Level of Inmates

8	<b>Female Inmates</b>	Number of female inmates housed at the institution on the last calendar day of the reporting month. This is a point-in-time-count as of the last day of the reporting month. Count excludes female inmates in a camp, on death row, on temporary release, under Community Rehabilitative Program Placements (CRPP) supervision, in an in-state contract bed (with the exception of the California City Correctional Facility), in the Department of State Hospitals (DSH), and in Out-of-State Correctional Facilities. Count is not subject to future restatement or correction.
9	<b>Restricted Housing</b>	Number of inmates assigned to “Restricted Housing” on the last calendar day of the reporting month. This is a point-in-time-count as of the last day of the reporting month. Count includes inmates assigned in the Administrative Segregation Unit, Long-Term Restricted Housing, Secure Housing Unit, or Short-Term Restricted Housing. Count excludes inmates on temporary release, under Community Rehabilitative Program Placements (CRPP) supervision, in an in-state contract bed (with the exception of the California City Correctional Facility), in the Department of State Hospitals (DSH), and in Out-of-State Correctional Facilities. Count is not subject to future restatement or correction.
10	<b>Condemned – Female</b>	Number of female inmates assigned to a death row bed on the last calendar day of the reporting month. This is a point-in-time-count as of the last day of the reporting month. Count excludes female inmates in a camp, on temporary release, under Community Rehabilitative Program Placements (CRPP) supervision, in an in-state contract bed (with the exception of the California City Correctional Facility), in the Department of State Hospitals (DSH), and in Out-of-State Correctional Facilities. Count is not subject to future restatement or correction.
11	<b>Condemned – Male</b>	Number of male inmates assigned to a death row bed on the last calendar day of the reporting month. This is a point-in-time-count as of the last day of the reporting month. Count excludes male inmates in a camp, on temporary release, under Community Rehabilitative Program Placements (CRPP) supervision, in an in-state contract bed (with the exception of the California City Correctional Facility), in the Department of State Hospitals (DSH), and in Out-of-State Correctional Facilities. Count is not subject to future restatement or correction.
12	<b>Total Number of Inmates</b>	Total number of inmates housed in the institution on the last calendar day of the reporting month. This is a point-in-time-count as of the last day of the reporting month. Count excludes inmates on temporary release, under Community Rehabilitative Program Placements (CRPP) supervision, in an in-state contract bed (with the exception of the California City Correctional Facility), in the Department of State Hospitals (DSH), and in Out-of-State Correctional Facilities. Count is not subject to future restatement or correction.
<b>Positions – Authorized &amp; Vacant</b>		
13	<b>Authorized Positions</b>	Number of authorized positions for each institution as identified in the Governor’s Budget plus any subsequent current year adjustments. Count excludes medical positions within California Correctional Health Care Services (CCHCS). Count is subject to future restatement and correction.
14	<b>Vacancies</b>	Number of vacant positions on the last day of the reporting month. This is a point-in-time count as of the last day of the reporting month. Count excludes blanket positions and medical vacant positions within California Correctional Health Care Services (CCHCS). Count is subject to future restatement or correction.

# Statistical Report (SB 601)

## Counting Rules 2016

### Overtime Hours

<b>15</b>	<b>Custody</b>	Number of regular overtime hours worked by custody employees during the reporting month. Custody employees generally include: Correctional Lieutenant, Correctional Sergeant, and Correctional Officer. Totals are taken on the last day of the reporting month. This count is subject to future restatement or correction.
<b>16</b>	<b>Non-Custody</b>	Number of regular overtime hours worked by non-custody employees during the reporting month. Count excludes medical, dental and mental health employees. Totals are taken on the last day of the reporting month. This count is subject to future restatement or correction.
<b>17</b>	<b>Dental + Mental Health</b>	Number of regular overtime hours worked by dental and mental health employees during the reporting month. Count excludes medical employees. Totals are taken on the last day of the reporting month. This count is subject to future restatement or correction.
<b>18</b>	<b>Total Overtime Hours</b>	Formula: "Total Overtime Hours" equals the sum of "Custody", "Non-Custody", and "Dental + Mental Health".

### Sick Leave Hours

<b>19</b>	<b>Custody</b>	Number of sick leave hours used by custody employees during the reporting month. Custody employees generally include: Correctional Lieutenant, Correctional Sergeant, and Correctional Officer. Totals are taken on the last day of the reporting month. This count is subject to future restatement or correction.
<b>20</b>	<b>Non-Custody</b>	Number of sick leave hours used by non-custody employees during the reporting month. Count excludes medical, dental and mental health employees. Totals are taken on the last day of the reporting month. This count is subject to future restatement or correction.
<b>21</b>	<b>Dental + Mental Health</b>	Number of sick leave hours used by dental and mental health employees during the reporting month. Count excludes medical employees. Totals are taken on the last day of the month. This count is subject to future restatement or correction.
<b>22</b>	<b>Total Sick Leave Hours</b>	Formula: "Total Sick Leave Hours" equals the sum of "Custody", "Non-Custody", and "Dental + Mental Health"

### Number of Deaths

<b>23</b>	<b>Homicides</b>	Number of inmate deaths with "homicide" recorded as the manner of death. Count is taken as of the last day of the reporting month. Count should not be considered the final determination for up to one year following the month of death. Final determination is made by the California Correctional Health Care Services' (CCHCS) Death Review Committee. This count is subject to future restatement or correction.
<b>24</b>	<b>Suicides</b>	Number of inmate deaths with "suicide" recorded as the manner of death. Count is taken as of the last day of the reporting month. Count should not be considered the final determination for up to one year following the month of death. Final determination is made by the California Correctional Health Care Services' (CCHCS) Death Review Committee. This count is subject to future restatement or correction.

# Statistical Report (SB 601)

## Counting Rules 2016

### Number of Deaths

25	<b>Unexpected</b>	Number of inmate deaths with “unexpected” recorded as the manner of death. Count is taken as of the last day of the reporting month. Count excludes homicide and suicide deaths. Count should not be considered the final determination for up to one year following the month of death. Final determination is made by the California Correctional Health Care Services’ (CCHCS) Death Review Committee. This count is subject to future restatement or correction.
26	<b>Expected</b>	Number of inmate deaths with “expected” recorded as the manner of death. Count is taken as of the last day of the reporting month. Count excludes homicide and suicide deaths. Count should not be considered the final determination for up to one year following the month of death. Final determination is made by the California Correctional Health Care Services’ (CCHCS) Death Review Committee. This count is subject to future restatement or correction.
27	<b>Other</b>	Number of inmate deaths that have no manner of death recorded as of the last day of the reporting month. Count is taken as of the last day of the reporting month. Count excludes homicide suicide, expected, and unexpected deaths. Count should not be considered the final determination for up to one year following the month of death. Final determination is made by the California Correctional Health Care Services’ (CCHCS) Death Review Committee. This count is subject to future restatement or correction.
28	<b>Total</b>	Formula: “Total” equals sum of “Homicides”, “Suicides”, “Unexpected”, “Expected”, and “Other”.
<b>Use of Force (UOF)</b>		
29	<b>Total UOF Incidents</b>	Number of documented use of force incidents pursuant to the California Code of Regulations (CCR), Title 15, Section 3268 and Department Operations Manual (DOM) Section 51020.1, Article 2 that occurred during the reporting month. Totals are taken as of the last day of the reporting month. Count excludes the number of inmates and peace officers involved in the incident. This count is subject to future restatement or correction.
<b>Inmate Appeals - 1st Level</b>		
30	<b>Appeals Received (Screened Out + Accepted)</b>	Formula: “Appeals Received (Screened Out + Accepted)” equals the sum of “1st Level Appeals Screened Out” plus “1st Level Appeals Accepted”.
31	<b>Appeals Screened Out</b>	Number of 1st Level non-medical appeals screened out and returned to the appellant pursuant to CCR Title 15, Division 3, and Section 3084.6 during the reporting month. This is a point-in-time count as of the last day of the reporting month. This count is subject to future restatement or correction.
32	<b>Appeals Accepted</b>	Number of 1st Level non-medical appeals accepted during the reporting month. This is a point-in-time count as of the last day of the reporting month. This count is subject to future restatement or correction.
33	<b>Appeals Dismissed (Denied or Cancelled or Withdrawn)</b>	Number of 1st Level non-medical appeals denied, cancelled, or withdrawn pursuant to CCR Title 15, Section 3084.6 during the reporting month. This is a point-in-time count as of the last day of the reporting month. This count is subject to future restatement or correction.

# Statistical Report (SB 601)

## Counting Rules 2016

### Inmate Appeals - 1st Level

**34 Appeals Upheld (Granted or Granted in Part)** Number of 1st Level non-medical appeals granted or granted in part during the reporting month. This is a point-in-time count as of the last day of the reporting month. This count is subject to future restatement or correction.

**35 Overdue Appeals** Number of 1st Level non-medical appeals considered overdue pursuant to CCR Title 15, Section 3084.8 during the reporting period. This is a point-in-time count as of the last day of the reporting month. This count is subject to future restatement or correction.

### Inmate Appeals – 2nd Level

**36 Appeals Received (Screened Out + Accepted)** Formula: “Appeals Received (Screened Out + Accepted)” equals the sum of “2nd Level Appeals Screened Out” plus “2nd Level Appeals Accepted”.

**37 Appeals Screened Out** Number of 2nd Level non-medical appeals screened out and returned to the appellant pursuant to CCR Title 15, Division 3, and Section 3084.6 during the reporting month. This is a point-in-time count as of the last day of the reporting month. This count is subject to future restatement or correction.

**38 Appeals Accepted** Number of 2nd Level non-medical appeals accepted during the reporting month. This is a point-in-time count as of the last day of the reporting month. This count is subject to future restatement or correction.

**39 Appeals Dismissed (Denied or Cancelled or Withdrawn)** Number of 2nd Level non-medical appeals denied, cancelled, or withdrawn pursuant to CCR Title 15, Section 3084.6 during the reporting month. This is a point-in-time count as of the last day of the reporting month. This count is subject to future restatement or correction.

**40 Appeals Upheld (Granted or Granted in Part)** Number of 2nd Level non-medical appeals granted or granted in part during the reporting month. This is a point-in-time count as of the last day of the reporting month. This count is subject to future restatement or correction.

**41 Overdue Appeals** Number of 2nd Level non-medical appeals considered overdue pursuant to CCR Title 15, Section 3084.8 during the reporting period. This is a point-in-time count as of the last day of the reporting month. This count is subject to future restatement or correction.

### Inmate Appeals – 3rd Level

**42 Appeals Received (Screened Out + Accepted)** Formula: “Appeals Received (Screened Out + Accepted)” equals the sum of “3rd Level Appeals Screened Out” plus “3rd Level Appeals Accepted”.

**43 Appeals Screened Out** Number of 3rd Level non-medical appeals screened out and returned to the appellant pursuant to CCR Title 15, Division 3, and Section 3084.6 during the reporting month. This is a point-in-time count as of the last day of the reporting month. This count is subject to future restatement or correction.

**44 Appeals Accepted** Number of 3rd Level non-medical appeals accepted during the reporting month. This is a point-in-time count as of the last day of the reporting month. This count is subject to future restatement or correction.

# Statistical Report (SB 601)

## Counting Rules 2016

### Inmate Appeals – 3rd Level

45	<b>Appeals Dismissed (Denied or Cancelled or Withdrawn)</b>	Number of 3rd Level non-medical appeals denied, cancelled, or withdrawn pursuant to CCR Title 15, Section 3084.6 during the reporting month. This is a point-in-time count as of the last day of the reporting month. This count is subject to future restatement or correction.
46	<b>Appeals Upheld (Granted or Granted in Part)</b>	Number of 3rd Level non-medical appeals granted or granted in part during the reporting month. This is a point-in-time count as of the last day of the reporting month. This count is subject to future restatement or correction.
47	<b>Overdue Appeals</b>	Number of 3rd Level non-medical appeals considered overdue pursuant to CCR Title 15, Section 3084.8 during the reporting period. This is a point-in-time count as of the last day of the reporting month. This count is subject to future restatement or correction.

### Contraband

48	<b>Cellular Telephone Seizure Events</b>	Number of cellular telephone seizure events that occurred during the reporting month. Count is taken on the last day of the reporting month. Count includes seizure events associated with a visitor, inmate, or employee, and those that occurred elsewhere on the institution grounds. Count excludes the number of cell phones seized and the number of staff/inmates/visitors involved, if any. Count is subject to future restatement and correction.
49	<b>Quantity of Cellular Telephones Seized</b>	Number of cellular telephones seized during the reporting month. Total is taken as of the last day of the month. Count includes cell phones found in the possession of a visitor, inmate, or employee, and those found elsewhere on the institution grounds. Count is subject to future restatement and correction.
50	<b>Cocaine Seizure Events</b>	Number of cocaine seizure events that occurred during the reporting month. Total is taken on the last day of the reporting month. Count includes seizure events associated with a visitor, inmate, or employee, and those that occurred elsewhere on the institution grounds. Count excludes the quantity of cocaine seized and the number of staff/inmates/visitors involved, if any. Count is subject to future restatement and correction.
51	<b>Quantity of Cocaine Seized (grams)</b>	Quantity (in grams) of cocaine seized during the reporting month. Total is taken as of the last day of the month. Count includes cocaine found in the possession of a visitor, inmate, or employee, and cocaine found elsewhere on the institution grounds. Count is subject to future restatement and correction.
52	<b>Heroin Seizure Events</b>	Number of heroin seizure events that occurred during the reporting month. Total is taken on the last day of the reporting month. Count includes seizure events associated with a visitor, inmate, or employee, and those that occurred elsewhere on the institution grounds. Count excludes the quantity of heroin seized and the number of staff/inmates/visitors involved, if any. Count is subject to future restatement and correction.
53	<b>Quantity of Heroin Seized (grams)</b>	Quantity (in grams) of heroin seized during the reporting month. Total is taken as of the last day of the month. Count includes heroin found in the possession of a visitor, inmate, or employee, and heroin found elsewhere on the institution grounds. Count is subject to future restatement and correction.

# Statistical Report (SB 601)

## Counting Rules 2016

### Contraband

54	<b>Marijuana Seizure Events</b>	Number of marijuana seizure events that occurred during the reporting month. Total is taken on the last day of the reporting month. Count includes seizure events associated with a visitor, inmate, or employee, and those that occurred elsewhere on the institution grounds. Count excludes the quantity of marijuana seized and the number of staff/inmates/visitors involved, if any. Count is subject to future restatement and correction.
55	<b>Quantity of Marijuana Seized (grams)</b>	Quantity (in grams) of marijuana seized during the reporting month. Total is taken as of the last day of the month. Count includes marijuana found in the possession of a visitor, inmate, or employee, and marijuana found elsewhere on the institution grounds. Count is subject to future restatement and correction.
56	<b>Methamphetamine Seizure Events</b>	Number of methamphetamine seizure events that occurred during the reporting month. Total is taken on the last day of the reporting month. Count includes seizure events associated with a visitor, inmate, or employee, and those that occurred elsewhere on the institution grounds. Count excludes the quantity of methamphetamine seized and the number of staff/inmates/visitors involved, if any. Count is subject to future restatement and correction.
57	<b>Quantity of Methamphetamine Seized (grams)</b>	Quantity (in grams) of methamphetamine seized during the reporting month. Total is taken as of the last day of the month. Count includes methamphetamine found in the possession of a visitor, inmate, employee, and methamphetamine found elsewhere on the institution grounds. Count is subject to future restatement and correction.
58	<b>Tobacco Seizure Events</b>	Number of tobacco seizure events that occurred during the reporting month. Total is taken on the last day of the reporting month. Count includes seizure events associated with a visitor, inmate, or employee, and those that occurred elsewhere on the institution grounds. Count excludes the quantity of tobacco seized and the number of staff/inmates/visitors involved, if any. Count is subject to future restatement and correction.
59	<b>Quantity of Tobacco Seized (grams)</b>	Quantity (in grams) of tobacco seized during the reporting month. Total is taken as of the last day of the month. Count includes tobacco found in the possession of a visitor, inmate, or employee, and tobacco found elsewhere on the institution grounds. Count is subject to future restatement and correction.
60	<b>Miscellaneous Seizure Events</b>	Number of miscellaneous seizure events that occurred during the reporting month. Total is taken on the last day of the reporting month. Count includes seizure events associated with a visitor, inmate, or employee, and those that occurred elsewhere on the institution grounds. Miscellaneous includes all contraband not specifically broken out elsewhere in the report. Count is subject to future restatement and correction.

### Fiscal

61	<b>Institution Budget</b>	Dollar value of the budget for the institution. Dollar value is updated based on operational need of the institution throughout the fiscal year. Count is subject to future restatement and correction.
62	<b>Actual Expenditures</b>	Dollar value of the actual fiscal year expenditures by the institution on the last calendar day of the reporting month and is a point-in-time value representing the fiscal year expenditures to date. Count is subject to future restatement and correction.

# Statistical Report (SB 601)

## Counting Rules 2016

### Modified Programs:

**63 Inmate-Days on Modified Programs**

Formula : Monthly sum of the daily counts of inmates on modified programs divided by the same-day total institution total population count. Thus, if 800 inmates are on modified programs for 15 days in the reporting month and the institution's total daily population is 4,000 inmates, this equals the equivalent of 3 Days on Modified Programs for the given month (800 impacted inmates x 15 impacted days ÷ 4,000 total inmates = 3 days). Days on modified programs are not necessarily consecutive. The same inmate is counted each time he/she is placed on modified programs.

### Academic Education

### Rehabilitative Programs

**64 Operational Capacity**

Maximum number of students that can be enrolled in Academic Education programs during the reporting month. This is a point-in-time count as of the last day of the reporting month. Inmates enrolled in Academic Education are considered students for reporting purposes while they are enrolled in these programs. Operational capacity is based on the amount of education space available and the number of available teachers qualified to teach Academic Education programs. Count is not subject to future restatement or correction. Academic Education includes General Population, Alternative Programming, Voluntary Education Programs, Adult Basic Education I, Adult Basic Education II, Adult Basic Education III, High School, General Equivalency Diploma, Face-to-Face College, and Virtual College courses.

**65 Actual Enrollment**

Number of students enrolled in Academic Education classes at the end of the reporting month. This is a point-in-time count as of the last day of the reporting month. Inmates enrolled in Academic Education are considered students for reporting purposes while they are enrolled in these programs. Count includes only the number of students enrolled in Academic Education classes. Count excludes the number of students that attended Academic Education classes. Count is not subject to future restatement or correction. Academic Education includes General Population, Alternative Programming, Voluntary Education Programs, Adult Basic Education I, Adult Basic Education II, Adult Basic Education III, High School, General Equivalency Diploma, Face-to-Face College, and Virtual College courses.

**66 Number of High School Diplomas**

Number of High School Diplomas issued to students during the reporting month. Totals are taken on the last day of the reporting month. Inmates enrolled in Academic Education are considered students for reporting purposes while they are enrolled in these programs. Count is not subject to future restatement or correction.

**67 Number of GED Certificates**

Number of General Education Development certificates issued to students during the reporting month. Totals are taken on the last day of the reporting month. Inmates enrolled in Academic Education are considered students for reporting purposes while they are enrolled in these programs. Count is not subject to future restatement or correction.

**68 Number of Associate Degrees**

Number of Associate Degrees issued to students during the reporting month. Totals are taken on the last day of the reporting month. Inmates enrolled in Academic Education are considered students for reporting purposes while they are enrolled in these programs. Count is not subject to future restatement or correction.

**69 Number of Bachelor's Degrees**

Number of Bachelor's Degrees issued to students during the reporting month. Totals are taken on the last day of the reporting month. Inmates enrolled in Academic Education are considered students for reporting purposes while they are enrolled in these programs. Count is not subject to future restatement or correction.

# Statistical Report (SB 601)

## Counting Rules 2016

### Academic Education

### Rehabilitative Programs

70	<b>Number of Masters Degrees</b>	Number of Masters Degrees issued to students during the reporting month. Totals are taken on the last day of the reporting month. Inmates enrolled in Academic Education are considered students for reporting purposes while they are enrolled in these programs. Count is not subject to future restatement or correction.
<b>Career Technical Education</b>		
71	<b>Operational Capacity</b>	Maximum number of students that can be enrolled in Career Technical Education programs during the reporting month. This is a point-in-time count as of the last day of the reporting month. Inmates enrolled in Career Technical Education programs are considered students for reporting purposes while they are enrolled in these programs. Operational capacity is based on the amount of vocational space available and the number of available instructors qualified to teach Career Technical Education programs. Count is not subject to future restatement or correction. Career Technical Education includes Auto Body, Auto Mechanics, Cosmetology, Electronics, Machine Shop, Office Service & Related Technologies, Small Engine Repair, Carpentry, Building Maintenance, Electrical Works, Heating Ventilating and Air Conditioning, Masonry, Plumbing, Sheet Metal, Computer Literacy, Painting, Vocational Manicuring, Vocational Roofing, and Vocational Drywall Programs.
72	<b>Actual Enrollment</b>	Number of students enrolled in Career Technical Education classes at the end of the reporting month. This is a point-in-time count as of the last day of the reporting month. Inmates enrolled in Career Technical Education are considered students for reporting purposes while they are enrolled in these programs. Count includes only the number of students enrolled in Career Technical Education classes. Count excludes the number of students that attended Career Technical Education classes. Count is not subject to future restatement or correction. Career Technical Education includes Auto Body, Auto Mechanics, Cosmetology, Electronics, Machine Shop, Office Service & Related Technologies, Small Engine Repair, Carpentry, Building Maintenance, Electrical Works, Heating Ventilating and Air Conditioning, Masonry, Plumbing, Sheet Metal, Computer Literacy, Painting, Vocational Manicuring, Vocational Roofing, and Vocational Drywall Programs.
<b>Substance Abuse Treatment</b>		
73	<b>Operational Capacity</b>	Average number of offenders that can attend Substance Abuse Treatment based on available space and/or fire restriction limitations during the reporting month. This is a point-in-time count as of the last day of the reporting month. Count includes Single and Multi-Level Substance Abuse Treatment programs. Operational Capacity is based on the number of offenders a programming location can safely hold due to fire restrictions or space limitations. Operating Capacity is reported every Friday of the reporting month and can vary week to week. Average number is a manual calculation that adds the weekly capacity numbers together divided by the number of weeks in the reporting month. Count is not subject to future restatement or correction.
74	<b>Actual Enrollment</b>	Average number of inmates actively enrolled in Substance Abuse Treatment during the reporting month. This is a manual calculation that adds the number of enrolled offenders every Friday divided by the number of full weeks in the reporting month. An individual offender may be enrolled in the program multiple weeks during the reporting month. In these instances, an offender will be counted each week they are enrolled. Count includes Single and Multi-Level Substance Abuse Treatment programs. Count is not subject to future restatement or correction.

# Statistical Report (SB 601)

### Cognitive Behavioral Intervention – Sex Offender

### Rehabilitative Programs

**75 Operational Capacity** Average number of offenders that can attend Cognitive Behavioral Intervention based on available space and/or fire restriction limitations during the reporting month. This is a point-in-time count as of the last day of the reporting month. Operational Capacity is based on the number of offenders a programming location can safely hold due to fire restrictions or space limitations. Operating Capacity is reported every Friday of the reporting month and can vary week to week. Average number is a manual calculation that adds the weekly capacity numbers together divided by the number of weeks in the reporting month. Count is not subject to future restatement or correction.

**76 Actual Enrollment** Average number of offenders actively enrolled in Cognitive Behavioral Intervention during the reporting month. This is a manual calculation that adds the number of enrolled offenders every Friday divided by the number of full weeks in the reporting month. An individual offender may be enrolled in the program multiple weeks during the reporting month. In these instances, an offender will be counted each week they are enrolled. Count is not subject to future restatement or correction.

### Substance Abuse Treatment

### Reentry Hub Programs

**77 Operational Capacity** Average number of offenders that can attend Substance Abuse Treatment based on available space and/or fire restriction limitations during the reporting month. This is a point-in-time count as of the last day of the reporting month. Operational Capacity is based on the number of offenders a programming location can safely hold due to fire restrictions or space limitations. Operating Capacity is reported every Friday of the reporting month and can vary week to week. Average number is a manual calculation that adds the weekly capacity numbers together divided by the number of weeks in the reporting month. Count is not subject to future restatement or correction.

**78 Enrollment** Average number of offenders actively enrolled in Substance Abuse Treatment during the reporting month. This is a manual calculation that adds the number of enrolled offenders every Friday divided by the number of full weeks in the reporting month. An individual offender may be enrolled in the program multiple weeks during the reporting month. In these instances, an offender will be counted each week they are enrolled. Count is not subject to future restatement or correction.

### Criminal Thinking

**79 Operational Capacity** Average number of offenders that can attend Criminal Thinking based on available space and/or fire restriction limitations during the reporting month. This is a point-in-time count as of the last day of the reporting month. Operational Capacity is based on the number of offenders a programming location can safely hold due to fire restrictions or space limitations. Operating Capacity is reported every Friday of the reporting month and can vary week to week. Average number is a manual calculation that adds the weekly capacity numbers together divided by the number of weeks in the reporting month. Count is not subject to future restatement or correction.

**80 Enrollment** Average number of offenders actively enrolled in Criminal Thinking during the reporting month. This is a manual calculation that adds the number of enrolled offenders every Friday divided by the number of full weeks in the reporting month. An individual offender may be enrolled in the program multiple weeks during the reporting month. In these instances, an offender will be counted each week they are enrolled. Count is not subject to future restatement or correction.

# Statistical Report (SB 601)

## Counting Rules 2016

### Anger Management

### Reentry Hub Programs

#### 81 Operational Capacity

Average number of offenders that can attend Anger Management based on available space and/or fire restriction limitations during the reporting month. This is a point-in-time count as of the last day of the reporting month. Operational Capacity is based on the number of offenders a programming location can safely hold due to fire restrictions or space limitations. Operating Capacity is reported every Friday of the reporting month and can vary week to week. Average number is a manual calculation that adds the weekly capacity numbers together divided by the number of weeks in the reporting month. Count is not subject to future restatement or correction.

#### 82 Enrollment

Average number of offenders actively enrolled in Anger Management during the reporting month. This is a manual calculation that adds the number of enrolled offenders every Friday divided by the number of full weeks in the reporting month. An individual offender may be enrolled in the program multiple weeks during the reporting month. In these instances, an offender will be counted each week they are enrolled. Count is not subject to future restatement or correction.

### Family Relationships

#### 83 Operational Capacity

Average number of offenders that can attend Family Relationships based on available space and/or fire restriction limitations during the reporting month. This is a point-in-time count as of the last day of the reporting month. Operational Capacity is based on the number of offenders a programming location can safely hold due to fire restrictions or space limitations. Operating Capacity is reported every Friday of the reporting month and can vary week to week. Average number is a manual calculation that adds the weekly capacity numbers together divided by the number of weeks in the reporting month. Count is not subject to future restatement or correction.

#### 84 Enrollment

Average number of offenders actively enrolled in Family Relationships during the reporting month. This is a manual calculation that adds the number of enrolled offenders every Friday divided by the number of full weeks in the reporting month. An individual offender may be enrolled in the program multiple weeks during the reporting month. In these instances, an offender will be counted each week they are enrolled. Count is not subject to future restatement or correction.

### Transitions

#### 85 Operational Capacity

Average number of offenders that can attend Transitions based on available space and/or fire restriction limitations during the reporting month. This is a point-in-time count as of the last day of the reporting month. Operational Capacity is based on the number of offenders a programming location can safely hold due to fire restrictions or space limitations. Operating Capacity is reported every Friday of the reporting month and can vary week to week. Average number is a manual calculation that adds the weekly capacity numbers together divided by the number of weeks in the reporting month. Count is not subject to future restatement or correction.

#### 86 Enrollment

Average number of offenders actively enrolled in Transitions during the reporting month. This is a manual calculation that adds the number of enrolled offenders every Friday divided by the number of full weeks in the reporting month. An individual offender may be enrolled in the program multiple weeks during the reporting month. In these instances, an offender will be counted each week they are enrolled. Count is not subject to future restatement or correction.
