## AUDIT FINDINGS

### **Narrative:**

The auditor's description of the audit methodology should include a detailed description of the following processes during the pre-audit, on-site audit, and post-audit phases: documents and files reviewed, discussions and types of interviews conducted, number of days spent on-site, observations made during the site-review, and a detailed description of any follow-up work conducted during the post-audit phase. The narrative should describe the techniques the auditor used to sample documentation and select interviewees, and the auditor's process for the site review.

The audit of Valley State Prison in Chowchilla, California was conducted on site February 8th through the 11th, 2021. Prior to the on site audit the auditor received and reviewed policies and procedures, and training documentation as they related to the mandates in the PREA Standards. Prior to the on site audit, the auditor and 2 assistants to the auditor conducted meetings via phone and internet to inquire background of the prison in anticipation of the onsite audit. Because of the COVID pandemic and the need to social distance ourselves, some of the interviews with senior staff were conducted via telephone. The auditor requested an inmate roster when the team arrived at the prison. Using a random number system inmates were chosen from the housing units to be interviewed. The interviews were voluntary when asked. Using the inmate roster the auditor was able to interview inmates from a variety of ages and race. Inmates that were housed in a quarantined living unit were not interviewed. Staff interviews were chosen based on the staff expertise. All 3 shifts working the 24 hour period were represented in the interviews with staff.

## AUDIT FINDINGS

### Facility Characteristics:

The auditor's description of the audited facility should include details about the facility type, demographics and size of the inmate or resident population, numbers and type of staff positions, configuration and layout of the facility, numbers of housing units, description of housing units including any special housing units, a description of programs and services, including food service and recreation. The auditor should describe how these details are relevant to PREA implementation and compliance.

Valley State Prison functions as a Level II General Population institution housing inmates requiring Sensitive Needs Yard (SNY) placement. VSP also houses inmates who are assigned to the Enhanced Outpatient Program (EOP). The EOP provides a higher level of mental health treatment for inmates requiring a more enhanced treatment plan with mental health staff. VSP has been identified as a Re-Entry hub for the CDCR. As a Re-Entry hub, VSP focuses on needs-based rehabilitative services, to include substance abuse and cognitive behavioral training. VSP offers educational, vocational and work skills training.

VSP was constructed in Chowchilla, California in 1995. It was originally known as Valley State Prison for Women, a multi-custody level facility for female inmates. In 2011, the California Legislature passed Assembly Bill 109, which resulted in a decrease in the female population and rate of recidivism. This allowed CDCR to utilize the facility to house Level II SNY inmates. The conversion from housing female inmates to male inmates was completed in January 2013.

The prison consists of 4 separate yards but inmates from each yard can and do program together.

Valley State Prison houses male inmates ranging in age from 18-64 years old. The average daily population for the audit period was 3476 inmates.

The following vocational and educational opportunities are available to offenders at VSP:

Adult Basic Education, Anger Management, Arts in Corrections, Auto Mechanics, Building Maintenance, CallID , Computer Literacy, Cosmetology, Criminal Thinking, Electrical, Electronics, Family Relationships, General Education Development, High School Diploma, Library Services, Masonry, Offender Mentor Certification, Office Services, Physical Education, Small Engine Repair, Substance Use Disorder, Transitions, Voluntary Education, and Welding. The Prison Industries Authority (PIA) employs inmates in Farm Operation, Eyewear Manufacturing and Laundry.

Because of the COVID pandemic many of these opportunities have not been available to the inmate population.

## AUDIT FINDINGS

### Summary of Audit Findings:

The OAS will automatically calculate the number of standards exceeded, number of standards met, and the number of standards not met based on the auditor's compliance determinations. If relevant, the auditor should provide the list of standards exceeded and/or the list of standards not met (e.g. Standards Exceeded: 115.xx, 115.xx..., Standards Not Met: 115.yy, 115.yy ). Auditor Note: In general, no standards should be found to be "Not Applicable" or "NA." A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select "Meets Standard" and include a comprehensive discussion as to why the standard is not applicable to the facility being audited.

<b>Number of standards exceeded:</b>	2
<b>Number of standards met:</b>	43
<b>Number of standards not met:</b>	0

After a thorough review of policies, practices and on site visit of the prison the Valley State Prison is found to be in compliance with the standards.

## Standards

### Auditor Overall Determination Definitions

- Exceeds Standard  
(Substantially exceeds requirement of standard)
- Meets Standard  
(substantial compliance; complies in all material ways with the stand for the relevant review period)
- Does Not Meet Standard  
(requires corrective actions)

### Auditor Discussion Instructions

Auditor discussion, including the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

	<p data-bbox="240 210 453 237"><b>Auditor Discussion</b></p> <p data-bbox="240 271 1485 965">The Department Operations Manual, Chapter 5, Article 44, section 54040.1 (Policy) states on page 471, "The California Department of Corrections and Rehabilitation (CDCR) is committed to providing a safe, humane, secure environment, free from offender on offender sexual violence, staff sexual misconduct, and sexual harassment. This will be accomplished by maintaining a program to address education/prevention, detection, response, investigation, and tracking of these behaviors and to address successful community re-entry of the offender. CDCR shall maintain a zero tolerance for sexual violence, staff sexual misconduct and sexual harassment in its institutions, community correctional facilities, conservation camps, and for all offenders under its jurisdiction. All sexual violence, staff sexual misconduct, and sexual harassment is strictly prohibited. This policy applies to all offenders and persons employed by the CDCR, including volunteers and independent contractors assigned to an institution, community correctional facility, conservation camp, or parole." This policy outlines the agency's comprehensive approach to preventing, detecting and responding to sexual abuse and sexual harassment, including definitions of prohibited behaviors and consequences for those found to have participated in prohibited behaviors. The Orientation Handbook, provided to each inmate upon arrival at Valley State Prison contains information about zero-tolerance on page one. The zero-tolerance policy is observable throughout the facility, as evidenced by inmate informational postings and handbooks. Interviews with both staff and inmates indicate they are knowledgeable of the zero-tolerance policy. The CDCR employs an upper-level, agency-wide PREA Coordinator. The PREA Coordinator reports directly to an Associate Director. This position is reflected in agency organizational charts. The PREA Coordinator has 36 PREA Compliance Managers (PCMs) that report directly to her for PREA matters. This includes one PREA Compliance Manager at each of the 35 facilities, and one PCM at Headquarters. The PREA Coordinator's Duty Statement indicates that she will "maintain a program to address education/prevention, detection, response, investigation and tracking of sexual misconduct and to address successful community re-entry of the victim." When interviewed, Captain Stark indicated that she has the time, resources and authority required to manage her responsibilities.</p> <p data-bbox="240 976 1485 1232">Associate Warden Christopher Livingston is designated as the PREA Compliance Manager for VSP. The Associate Warden is classified as a Correctional Administrator, reporting directly to the Chief Deputy Warden and is a member of the Warden's Executive staff. The Associate Warden's duty statement indicates he will "act as the PREA Compliance Manager for the Institution, to include receiving notification for all allegations of PREA incidents, provide required reports to HQ, conduct necessary follow-up for Reception Center inmates within 30 days of arrival, ensure Protection Against Retaliation processes are assigned and documented, act as a member of the PREA Institutional Review Committee, lead preparation for PREA audits, and attend meetings and training related to PREA policies." Mr. Livingston believes he has time to fulfil his duties as the PREA Compliance Manager at Valley State Prison.</p>

115.12	<b>Contracting with other entities for the confinement of inmates</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<p><b>Auditor Discussion</b></p> <p>Valley State Prison has no contract with any jail or prison to house an inmate. Currently the California Department of Corrections and Rehabilitation are still in a contract with one jail to house inmates but that jail will no longer be used by the end of the year. The contracts include language that states, "The CDCR Offenders in the Facilities shall be confined and supervised in accordance with the CCF Title 15, DOM, and receiving states' existing state law." This contract includes language requiring "all offenders suspected of being sexually assaulted shall be sent to the local emergency room for treatment, and a rape kit will be sent to the hospital with the transferring officers, consistent with CDCR Prison Rape Elimination Act (PREA) protocols." CDCR is committed to providing a safe, humane, secure environment, free from sexual misconduct. This will be accomplished by maintaining a program to ensure education/prevention, detection, response, investigation and tracking of sexual misconduct and to address successful community re-entry of the victim.</p> <p>All Contractors and their employees are expected to ensure compliance with this policy as described in Department Operations Manual, Chapter 5, Article 44.</p> <p>If you are providing services for the confinement of our inmates, you and your staff are required to adopt and comply with the PREA standards, 28 Code of Federal Regulations (CFR) Part 115 and with CDCR's Department Operations Manual, Chapter 5, Article 44, including updates to this policy. This will include CDCR staff and outside audit personnel (who also conduct PREA audits of state prisons) conducting audits to ensure compliance with the standards.</p> <p>As a Contractor with CDCR, you shall not assign an employee to a CDCR facility or assign an employee to duties if that employee will have contact with CDCR inmates, if that employee has 1) engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution (as defined in 42 U.S.C. 1997); 2) been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse; or 3) has been civilly or administratively adjudicated to have engaged in the activity described in this section.</p> <p>The Contractor shall conduct a criminal background records check for each contract employee who will have contact with CDCR inmates and retain the results for audit purposes. By signing this contract the Contractor agrees to ensure that all of the mandates of this Section 5: Prison Rape Elimination Policy are complied with. Material omissions, by the contract employee, regarding such misconduct or the provision of materially false information, shall be grounds for removal from institutional grounds.</p> <p>Contract employees, who have contact with inmates, shall be provided training via the Exhibit titled; "PRISON RAPE ELIMINATION POLICY, Volunteer/Contractor Informational Sheet" to learn their responsibilities under the agency's sexual abuse and sexual harassment prevention, detection, and response policies and procedures. A copy of this signed informational sheet will be provided to the institution before a contract employee may have contact with inmates.</p> <p>Any contract employee who appears to have engaged in sexual misconduct of an inmate shall be prohibited from contact with inmates and shall be subject to administrative and/or criminal investigation. Referral shall be made to the District Attorney unless the activity was clearly not criminal. Reportable information shall be sent to relevant licensing bodies."</p> <p>All contracts include provisions for contract monitors, who will monitor compliance with the contract through "internal procedures evaluation, examination of program data, special analysis, on-site checking, formal audit examinations or any other reasonable procedures as CDCR or the Receiver may in their sole discretion deem necessary or appropriate"</p>

115.13	<b>Supervision and monitoring</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<p data-bbox="242 210 451 237"><b>Auditor Discussion</b></p> <p data-bbox="242 271 1493 398">CDCR has a standardized staffing plan which has taken into consideration the physical plant layout, security level and type of offender and their specific needs when developing the staffing plan for each of its facilities. The facility PCM, in consultation with the PREA Coordinator, utilizes data from Institutional PREA Review Committee (IPRC) documents and any Survey of Sexual Violence Adult Incident forms to assist in completing the staffing plan review.</p> <p data-bbox="242 405 1493 533">Valley State Prison has a process in place to fill vacant posts, modify programming as necessary, and a reporting mechanism should all posts not be filled. Through these measures, the institution management team ensures that a sufficient number of staff are present for each shift. Warden Fisher indicated in his interview that Valley State Prison has not deviated from the staffing plan during the audit period.</p> <p data-bbox="242 539 1493 1070">Department Operations Manual, Chapter 5, Article 44, section 54040.17.1 (Annual Review of Staffing Plan) states, "Whenever necessary, but no less frequently than once each year, in consultation with the PREA Coordinator, the institutional PCM and the Program Support Unit shall assess, determine, and document whether adjustments are needed to: (1) The staffing plan; (2) The facility's deployment of video monitoring systems and other monitoring technologies; and (3) The resources assigned to ensure adherence to the staffing plan." Documentation of the most recent staffing plan review during the audit period was examined. This documentation indicated there were no findings of inadequacy by any agencies or oversight bodies. All components of the facility's physical plant were reviewed, to include any areas of limited visibility or areas where staff or inmates may be isolated. Department Operations Manual, Chapter 5, Article 44, section 54040.4 (Education and Prevention) states on page 473, "A custody supervisor assigned to each facility or unit shall conduct weekly unscheduled security checks to identify and deter sexual violence, staff sexual misconduct, and sexual harassment of any kind. These security checks shall be documented in the Unit Log Book in red pen. The Unit Log Book shall indicate the date, time, and the location that the security check was completed." While onsite, intermediate and higher-level supervisors were interviewed, and verified they conduct unannounced rounds on all shifts, in order to detect and deter any staff misconduct, including staff sexual abuse and sexual harassment. Unit Log Books were reviewed in multiple areas of the facility to ensure these rounds are conducted and documented on all shifts over time. Staff are aware that they are not allowed to alert other staff when a supervisor is making rounds on the yard.</p>

<b>115.14</b>	<b>Youthful inmates</b>

	<b>Auditor Discussion</b>
	There are no inmates housed at Valley State Prison under the age of 18.

115.15	<b>Limits to cross-gender viewing and searches</b>
	<b>Auditor Overall Determination:</b> Meets Standard
	<p data-bbox="240 208 451 237"><b>Auditor Discussion</b></p> <p data-bbox="240 271 1493 1335">Department Operations Manual, Chapter 5, Article 19, section 52050.16.5 (Unclothed Body Search of Inmates) states on page 388, "Correctional personnel, other than qualified medical staff, shall not conduct unclothed body inspections or searches of an inmate of the opposite sex, except in an emergency. Routine unclothed body searches shall be conducted in a safe manner and in an area that allows the inmate to preserve some measure of dignity and self-respect. Routine unclothed body searches shall not be completed by staff of the opposite biological sex." This auditor reviewed the CDCR Office of Training and Professional Development Lesson Plan for Searches and Inmate Property, which clearly reiterates that Clothed Body Searches will only be conducted by correctional staff of the same biological sex. Interviews with staff and inmates did not indicate that cross-gender Unclothed Body Searches have occurred, nor did the audit team observe any cross-gender Unclothed Body Searches while onsite at Valley State Prison. Department Operations Manual, Chapter 5, Article 19, section 52050.16.4 (Clothed Body Search of Female Inmates) directs, "Clothed Body Searches of female inmates shall be conducted by female correctional staff only, except in emergency situations as follows: When circumstances exist that require an immediate search of a female inmate in order to avoid the threat of death, escape, or great bodily injury to staff, inmates, or visitors – and only until sufficient numbers of female correctional staff are available to assume critical body search duties." The policy prescribes the manner in which Clothed Body Searches will be performed by male correctional staff during emergency circumstances. Valley State Prison does not house any female inmates. Department Operations Manual, Chapter 5, Article 19, section 52050.16.4 (Clothed Body Search of Female Inmates) states, "At any time a male correctional staff member conducts a pat-down search of a female inmates, the search shall be documented. This documentation shall be completed utilizing a Notice of Unusual Occurrence which shall be reviewed by the supervisor and routed to the institutional PREA Compliance Manager (PCM). The PCM shall retain the completed document, in accordance with the Records Retention Schedule, for audit purposes." The CDCR Officer of Training and Lesson Plan for Searches and Inmate Property contains the same directive. Valley State Prison does not house any female inmates. Department Operations Manual, Chapter 5, Article 44, section 54040.4 (Education and Prevention) states on page 473, "Each institution shall enable offenders to shower, perform bodily functions, and change clothing without non-medical staff of the opposite biological sex viewing their breast, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks. Except in circumstances where there would be an impact to safety and security, modesty screens shall be placed strategically in areas that prevent incidental viewing. In order to minimize cross gender exposure, staff of the opposite biological sex shall announce their presence when entering the housing unit. This announcement is required at the beginning of each shift and/or when the status quo within the housing unit changes. This policy shall be included in each institution's orientation handbook. This will allow the inmate to take into consideration that staff of the opposite gender may be present when performing bodily and bathing functions." During the onsite review, opposite gender announcements were consistently observed. Interviews with inmates indicated these announcements were taking place as directed and interviews with staff indicated they were making the announcements.</p> <p data-bbox="240 1346 1493 1839">California Code of Regulations, Title 15, section 3287 (Cell, Property and Body Inspections) states that inmates are subject to an inspection of his or her person, either clothed or unclothed "when there is a reasonable suspicion to believe the inmate may have unauthorized or dangerous items concealed on his or her person, or that he or she may have been involved in an altercation of any kind. Such inspections may also be a routine requirement for inmate movement into or out of high security risk areas." Department Operations Manual, Inmates) states, "In the event that there is an individual going through Receiving and Release (R&amp;R) who self-identifies as transgender or self-identifies with a gender that seems not to match their biological sex, the search will be conducted by staff of the same biological sex as the inmate to be searched. In the event that an individual's genital status is ambiguous, the search shall be conducted by a staff member that is the same biological sex as indicated in the inmate's records. If staff are unable to determine the genital status through medical records or an interview with the inmate, the inmate shall be placed on single-cell status or in administrative segregation – for his/her own safety, until the standard intake medical evaluation is completed. This standard medical examination will establish the genital status of the inmate." Interviews with staff indicated they were aware of agency policy prohibiting searches for the sole purpose of determining an inmate's genital status. VSP is not one of the 11 facilities identified by CDCR to house transgender or intersex inmates. However due to the Pandemic and limited movement of inmates Transgender Female inmates were housed at Valley State Prison during the audit and some of them were interviewed.</p> <p data-bbox="240 1850 1493 2141">Department Operations Manual, Chapter 5, Article 44, section 54040.4 (Education and Prevention) states, "Employees shall also be trained in how to conduct cross-gender pat-down searches, transgender pat-down searches, and unclothed body cavity searches. When conducting these types of searches, employees shall ensure that these searches are conducted in a professional, respectful manner, and in the least intrusive manner possible consistent with security needs." California Code of Regulations, Title 15, section 3287 (Cell, Property and Body Inspections) directs, "All such inspections shall be conducted in a professional manner which avoids embarrassment or indignity to the inmate." The CDCR Officer of Training and Lesson Plan for Searches and Inmate Property indicates that Clothed Body Searches of female inmates who identify as male will be searched utilizing the usual and customary process for searching female inmates. For male inmates who identify as female, staff who utilize an alternate search method if the inmate has been designated as transgender on CDCR Form 128-C3 and</p>

requests to be searched differently. The technique to be used when searching a male inmate who identifies as female requires the lower body to be searched the same as all male inmates and the upper body to be searched utilizing the back of the hand, as staff would any other female inmate. While onsite, the auditor reviewed a random sample of employee records to ensure they had received required training.

Appropriate provisions are made to ensure effective communication for offenders not fluent in English, those with low literacy levels, and persons with disabilities. Institutions are permitted to consider the use of offender peer educators to enhance the offender population's knowledge and understanding of PREA and sexually transmitted diseases. When an inmate's Test of Adult Basic Education score is 4.0 or lower, employees are required to query the inmate to determine whether or not assistance is needed to achieve effective communication. The employee is required to document on appropriate CDCR forms his/her determination of whether the inmate appeared to understand, the basis for that determination and how it was made. All written PREA information for inmates was available in both English and Spanish. Interviews with staff and inmates indicated that inmates with disabilities are afforded additional accommodation to ensure their access to all aspects of the agency's PREA program.</p> <p data-bbox="242 674 1490 1070">Department Operations Manual, Chapter 5, Article 44, section 54040.7 (Detection, Notification, and Reporting) states, "The department shall not rely on offender interpreters, offender readers, or other types of offender assistants except in limited circumstances where an extended delay in obtaining an effective interpreter could compromise the offender's safety, the performance of first-response duties, or the investigation of the offender's allegations." Department Operations Manual, Chapter 5, Article 44, section 54040.12 (Investigation) states, "Except in limited circumstances or exigent circumstances, investigators shall not rely solely on inmate interpreters, readers, or other types of inmate assistance during a sexual violence, staff sexual misconduct, or sexual harassment investigation." The auditor reviewed the contract between CDCR and Interpreters Unlimited, Incorporated, which states, "The Contractor shall provide interpreter services over the telephone, facsimile or internet, for any of one hundred forty (140) languages to assist CDCR with inmates/wards who have English as a second language. Interpreters shall be available twenty-four (24) hours a day, seven (7) days a week." Interviews with random inmates and all levels of staff indicated that staff are used to translate, and no instances of inmate translators were noted. Staff translation services were utilized during at least one interview with a LEP inmate.</p>

This auditor reviewed forms submitted by new employees, and verified the questions regarding prohibited conduct. These questions are asked on the Supplemental Application for all CDCR Employees, form 1951. Applicants are also required to list all previous confinement facility employers for whom they have worked, regardless of when they were employed there. While onsite, the personnel files of 15 randomly selected staff were reviewed and the criminal background check information was verified.</p> <p>CDCR utilizes the Live Scan system to conduct criminal background checks of contractors who may have contact with inmates. Contractors carry an identification card for the duration of their project, or up to five years from the date of issue. Background checks must be conducted prior to the issuance of a new identification card. Volunteers carry an identification card that expires on an annual basis. Background checks much be conducted prior to the issuance of a new identification card.</p> <p>CDCR and VSP exceed the standard requirement to conduct criminal background checks at least every five years, through their use of Live Scan. An arrest that may not otherwise discovered until a manual background check is reported in real time to the agency.</p> <p>Department Operations Manual, Chapter 5, Article 6, section 31060.3 (Power of Appointment) directs the hiring authority to "ask all applicants and employees who have contact with inmates directly about previous staff sexual misconduct and sexual harassment of inmates, in written applications or interviews for hiring or promotions and in any interviews or written self-evaluations as part of reviews of current employees".</p> <p>The applicant's signature certifies there are no "misrepresentations, omissions, or falsifications in the foregoing statements and that all statements and answers are true and correct". Allegations of inmate on inmate sexual abuse and sexual harassment are reported through the Watch Commander at VSP, and investigated by a member of the Investigative Services Unit (ISU). Substantiated allegations are referred to the District Attorney to make a determination on prosecution. The collection of preliminary information concerning an investigation of staff sexual abuse or sexual harassment is conducted by ISU. If allegations are found to have potentially occurred, ISU refers the case to the Office of Internal Affairs (OIA), an entity within CDCR with authority to investigate all staff misconduct allegations. The OIA completes the investigation and works with the District Attorney to make a determination on prosecuting the perpetrator. While onsite, the auditor reviewed 29 investigative files, to ensure investigations were completed for allegations of sexual abuse and sexual harassment. Three cases were currently pending prosecution. Interviews with LDI and ISU staff indicated they are knowledgeable of the process for case referral. The interview of CDCR Director Kathleen Allison indicated she is committed to creating a sexually safe environment for all inmates, and has an established relationship with agency investigators to ensure allegations are referred and investigated properly. All investigations are completed by ISU or OIA. The screening requires an assessment of available information, a review of the inmate's file and an interview with the inmate. Screening staff are required to review prior in-cell behavior towards a cell partner, any history of in-cell sexual abuse, assaults, or sexual abuse victimization. Screening staff complete the Strategic Offender Management System (SOMS) Initial Housing Review (IHR). SOMS includes an electronic PREA screening form that contains all ten considerations to assess an inmate's risk for sexual victimization as described in the standard. A second part of the PREA screening form assesses an inmate's risk of sexual abusiveness. Inmates are identified as "at risk as a victim", "at risk as an abuser" or "not identified as a risk". Based on information that the inmate has been a victim of sexual violence or victimization, the custody supervisor conducting the initial screening shall discuss housing alternatives with the inmate and consideration will be given to housing the inmate with another inmate who has compatible housing needs. If it is determined that a single cell is the most suitable option, the custody supervisor will designate the inmate for single cell housing pending a classification review. When inmates are cleared for and assigned to dorm housing, the custody supervisor will assign inmates identified as "at risk as a victim" to a location close to the staff office or podium. ## 115.52 Exhaustion of administrative remedies

**Auditor Overall Determination:** Meets Standard

### **Auditor Discussion**

Valley State Prison is not exempt from this standard, as they have administrative procedures in place to address inmate grievances regarding sexual abuse. Department Operations Manual, Chapter 5, Article 8, section 3084.9 (Exceptions to the Regular Appeal Process) states that both staff sexual misconduct and inmate-on-inmate sexual violence is not subject to time limits, and are processed on an emergency basis. A risk assessment determination must be immediately completed to determine if the inmate is in substantial risk of imminent sexual violence, and if so, immediate corrective action must be taken. All PREA-related grievances are considered “emergency appeals” and require a response within 48 hours. Department Operations Manual, Chapter 5, Article 8, section 3084.9 (Exceptions to the Regular Appeal Process) states, “An inmate or parolee alleging staff misconduct by a departmental employee shall forward the appeal to the appeals coordinator.” The complaint is reviewed by the appeals coordinator and hiring authority, and referred to the Office of Internal Affairs if warranted.

Department Operations Manual, Chapter 5, Article 44, section 54040.7.2 (Notification via Third Party Reporting of Misconduct Against an Employee, Contractor, or Volunteer) allows a third party to file complaints on behalf of an inmate. The term “third party” is defined in this section as including “inmates, family members, attorneys or outside advocates”. When a third party files a complaint on behalf of an inmate, a supervisory employee will take the alleged victim to a private setting to discuss the complaint and assess immediate housing needs. Third party reports are documented and forwarded to the hiring authority, who will forward the complaint to a Locally Designated Investigator to conduct inquiry work and determine if the report warrants an Office of Internal Affairs investigation.

Department Operations Manual, Chapter 5, Article 44, section 54040.15.1 (Alleged Victim – False Allegations) states, “Following the investigation into sexual violence, or staff sexual misconduct, if it is determined that the allegations were made not in good faith or based upon a reasonable belief that the alleged conduct occurred, the offender making the allegations may be subject to a disciplinary action. A charge of ‘making a false report of a crime,’ a Division ‘E’ offense, is appropriate only if evidence received indicates the offender knowingly made a false report. An allegation deemed unsubstantiated or unfounded based on lack of evidence, does not constitute false reporting.” Interviews with inmates did not indicate any inmate had been subject to discipline for false reporting or filing a PREA-related grievance.

## 115.53 Inmate access to outside confidential support services

**Auditor Overall Determination:** Meets Standard

### **Auditor Discussion**

CDCR has entered into a signed Memorandum of Understanding (MOU) with Community Action Partnership of Madera County, Incorporated (CAPMC) to provide confidential community-based advocacy services to incarcerated survivors of sexual abuse at VSP. The term of agreement expires June 30, 2024. CAPMC is a public non-profit 501(c)(3) organization in California, providing comprehensive sexual assault recovery services for sexual abuse victims and their families. CAPMC is not part of a governmental unit. All of their services are bilingual and bi-cultural. The MOU states CAPMC will provide emotional support services related to sexual abuse in response to request from incarcerated survivors through one or more of the following methods: non-confidential regular inmate telephone calls to CAPMC's hotline; confidential written correspondence to and from victim advocates; in-person crisis counseling sessions with incarcerated survivors, or meetings arranged by the PCM; and/or telephone calls to CAPMC arranged through a CSP chaplain, counselor, psychologist or Investigations Services Unit staff, assuming resources and scheduling allows.

CAPMC is able to receive phone calls from incarcerated survivors through the inmate telephone system. Each housing unit at Valley State Prison had a posted "Additional Services for Victims of Sexual Abuse" near the inmate telephones. This posting indicates that inmates may write to a victim advocate at the local rape crisis center, and provides the address for CAPMC. The posting notifies inmates that written correspondence is considered privileged communication. The auditor placed a call from the housing unit and was able to make contact with CAPMC. Interviews with inmates attempting to utilize the service through the inmate telephone system confirmed that they knew of the number.

Both brochures, "Sexual Violence Awareness" and "Sexual Abuse/Assault – Prevention and Intervention", include the address for written communication. This information has also been included in the PREA Orientation Handbook, and the provision that communication is confidential.

**Auditor Overall Determination:** Meets Standard

### **Auditor Discussion**

Department Operations Manual, Chapter 5, Article 44, section 54040.7 (Detection, Notification, and Reporting) states, "CDCR employees have a responsibility to protect the offenders in their custody. All staff are responsible for reporting immediately and confidentially to the appropriate supervisor any information that indicates an offender is being, or has been the victim of sexual violence, staff sexual misconduct, or sexual harassment...Staff shall ensure the reporting of information is done as soon as possible and in a confidential manner."

For at least 90 days following a report of sexual violence or staff sexual misconduct, the PREA Compliance Manager monitors the conduct and treatment of inmates or employees who reported or cooperated with an investigation, to ensure there are no changes that may suggest retaliation. This monitoring is documented on form CDCR 2304. This auditor reviewed investigative files, and each file contained the appropriate documentation to indicate the monitoring was occurring at VSP.

CDCR medical and mental health staff are required to report information regarding sexual abuse and sexual harassment. Interviews with those staff indicated they are aware of their responsibility. CDCR inmates sign an informed consent form prior to receiving services that states medical and mental health staff will report if inmates disclose they have been sexually assaulted or harassed by other inmates or staff. Valley State Prison does not house inmates under the age of 18, or those considered to be a vulnerable adult.

**115.62 Agency protection duties**

**Auditor Overall Determination:** Meets Standard

**Auditor Discussion**

Department Operations Manual, Chapter 5, Article 44, section 54040.7 (Detection, Notification, and Reporting) states, "CDCR employees have a responsibility to protect the offenders in their custody. All staff are responsible for reporting immediately and confidentially to the appropriate supervisor any information that indicates an offender is being, or has been the victim of sexual violence, staff sexual misconduct, or sexual harassment...Staff shall ensure the reporting of information is done as soon as possible and in a confidential manner."

The lesson plan for training staff on PREA was reviewed, and confirmed it reiterates the expectation that staff take immediate action if an inmate is at "substantial risk of imminent sexual abuse". Interviews with specialized staff, random staff and random inmates did not indicate any immediate actions had been necessary and random inmates did not indicate any immediate actions had been necessary but staff were aware of the requirements if necessary.

## **115.63 Reporting to other confinement facilities**

**Auditor Overall Determination:** Meets Standard

### **Auditor Discussion**

Department Operations Manual, Chapter 5, Article 44, section 54040.7.4 (Notification from/to Other Confinement Facilities) states, "Upon receiving an allegation that an offender was the victim of sexual violence or staff sexual misconduct while confined at another institution/confinement facility, the hiring authority where the allegation was received shall notify the hiring authority of the institution or appropriate office of the agency telephone contact or electronic mail and will be followed up with a written summary of the alleged victim's statements. Such initial notification shall be provided as soon as possible, but no later than 72 hours after receiving the allegation...The Hiring Authority or agency office receiving notification that an incident occurred at their institution, shall assign and ensure that the allegation is investigated and reported in accordance with DOM Section 54040.12. Upon completion, a closure report shall be returned to the institution where the alleged incident was reported."

Interviews with the warden, the PREA Compliance Manager and the Investigative Services Unit staff indicated that notifications to other confinement facilities are made from ISU to ISU or from the PCM to ISU.

## **115.64 Staff first responder duties**

**Auditor Overall Determination:** Meets Standard

### **Auditor Discussion**

Department Operations Manual, Chapter 5, Article 44, section 54040.8 (Response) states, "Upon initial contact with an employee, that employee will take the alleged victim to a private secure location. The employee shall make every effort to ensure the victim does not: shower; remove clothing without custody supervision; use the restroom facilities and/or; consume any liquids." CDCR has developed a form ("Sexual Assault Interview Guidelines") to assist with first responder duties. This form has a checklist to indicate if action has been taken that could compromise physical evidence, as well as identifying information critical for isolating a potential crime scene until appropriate steps can be taken to collect any evidence. Training materials were reviewed and interviews were completed that indicated all staff are trained on first responder duties. CDCR has developed a form ("Watch Commander Notification Checklist") to ensure that appropriate actions are taken by the Watch Commander when there is an allegation of sexual assault. Interviews with custody and non-custody staff indicated they are aware of their duties as a first responder.

**115.65 Coordinated response**

**Auditor Overall Determination:** Meets Standard

**Auditor Discussion**

The Valley State Prison Operations Manual, Chapter 5, is a supplement to CDCR Department Operations Manual and outlines the facility's plan to coordinate actions taken in response to incidents involving suspected or alleged sexual assaults. This supplement clearly identifies the responsibilities of all staff involved, from first responders to medical and mental health services.

**115.66 Preservation of ability to protect inmates from contact with abusers**

**Auditor Overall Determination:** Meets Standard

**Auditor Discussion**

CDCR employees are represented by the California Correctional Peace Officers Association, Bargaining Unit 6. The Collective Bargaining Agreement was reviewed and in this agreement it states that management retains the right to ... “establish and change work schedules, assignments and facilities locations; to hire, transfer, promote and demote employees; to lay off, terminate or otherwise relieve employees from duty for lack of work or other legitimate reasons; to suspend, discharge or discipline employees.” This auditor’s interview with the Director of Adult Prison Operations indicated there is good communication between management and labor. The disciplinary and grievance process outlined in the collective bargaining agreement are consistent with the provisions of 115.72 and 115.76.

## 115.67 Agency protection against retaliation

**Auditor Overall Determination:** Meets Standard

### **Auditor Discussion**

Department Operations Manual, Chapter 5, Article 44, section 54040.7 (Detection, Notification, and Reporting) states, "CDCR employees have a responsibility to protect the offenders in their custody. All staff are responsible for reporting immediately and confidentially to the appropriate supervisor any information that indicates an offender is being, or has been the victim of sexual violence, staff sexual misconduct, or sexual harassment...Staff shall ensure the reporting of information is done as soon as possible and in a confidential manner." For at least 90 days following a report of sexual violence or staff sexual misconduct, the PREA Compliance Manager monitors the conduct and treatment of inmates or employees who reported or cooperated with an investigation, to ensure there are no changes that may suggest retaliation. This monitoring is documented on form CDCR 2304. Investigative files were reviewed, and each file reviewed contained the appropriate documentation to indicate the monitoring was occurring at Valley State Prison. The Warden indicated in his interview that retaliation of any form would not be tolerated at Valley State Prison. The facility PCM indicated that he is aware of and adhering to his responsibilities with regards to protection against retaliation. The facility does not continue monitoring for retaliation when an allegation has been deemed unfounded.

## 115.68 Post-allegation protective custody

**Auditor Overall Determination:** Meets Standard

### **Auditor Discussion**

Department Operations Manual, Chapter 5, Article 44, section 54040.14.1 (PREA Victims Non-Disciplinary Segregation) states, "PREA victims being removed from general population may be placed on non-disciplinary segregation status, in accordance with CCF Section 3335(b) and shall be assessed for any ongoing safety concerns. The assessment shall be documented on the inmates [sic] CDC Form 114-A, Inmate Isolation Segregation Record. The assigned custody supervisor will be responsible for reviewing the circumstances of the incident and documenting his/her observations on a CDC Form 128-B, General Chrono. The assigned custody supervisor will attend the initial Inmate Classification Committee and will make a recommendation regarding the need for continued housing on this status. The Inmate Classification Committee will consider the supervisor's input and make the final decision on retention or release from non-disciplinary segregation status. A custody supervisor is required to conduct assessments every thirty days from the date the inmate is initially placed on non-disciplinary segregation status. These assessments will be documented on the CDC Form 114-A. When the assigned custody supervisor determines the inmate's non-disciplinary segregation status is no longer needed, he/she shall submit a CDC Form 128-B requesting the inmate be seen by the Inmate Classification Committee for housing review." There was no record of any inmate being placed in segregated housing for the sole purpose of a sexual assault allegation.

## 115.71 Criminal and administrative agency investigations

**Auditor Overall Determination:** Meets Standard

### **Auditor Discussion**

CDCR correctional staff have peace officer status under California Penal Code 830.5, and are authorized and trained to conduct administrative and criminal investigations. Investigations are conducted by Locally Designated Investigators (LDIs). Department Operations Manual, Chapter 5, Article 44, section 54040.3 (Definitions) outlines that an LDI may be an Investigative Services Unit Investigator, or other designated institutional staff who have been trained to conduct investigations into allegations of sexual violence and/or staff sexual misconduct. This specialized training is required per California Penal Code 13516. Department Operations Manual, Chapter 5, Article 44, section 54040.4 (Staff Training) states, "All employees who are assigned to investigate sexual violence and/or staff sexual misconduct will receive specialized training per PC Section 13516(c). The curriculum utilized in the class must be OTPD [Office of Training and Professional Development] approved. The Hiring Authority or PREA Compliance Manager (PCM) shall ensure employees investigating incidents of sexual violence and/or staff sexual misconduct are properly trained."

The auditor reviewed the curriculum utilized for CDCR's Basic Investigators Course. The training includes instruction on interviewing sexual abuse victims, the proper use of Miranda and Garrity warnings, evidence collection in confinement settings, and the criteria and evidence required to substantiate a case for administrative action or prosecution referral. Interviews with LDIs at VSP indicated they were knowledgeable in each aspect of sexual abuse and sexual harassment investigations. VSP has 17 Locally Designated Investigators. The auditor reviewed training records for the staff to ensure the required training was received.

Credibility assessments are made individually, and not determined by the person's status as staff or inmate. This auditor reviewed investigative reports, and the reasoning behind credibility assessments are clearly articulated in each report. Department Operations Manual, Chapter 5, Article 20, section 14030.5 (Who May Request a Polygraph Examination) states, "An employee, inmate, or parolee under investigation for an alleged violation of the law or a regulation may make a request for a polygraph examination. No person shall be ordered to take a polygraph examination."

A review by the auditor of administrative and criminal investigation files indicated they contain the required information on employee actions or failures to take actions, descriptions of physical and testimonial evidence, credibility assessments and investigative facts and findings.

Department Operations Manual, Chapter 5, Article 44, section 54040.20 (PREA Data Storage and Destruction) states, "CDCR shall ensure that all PREA data collected are securely retained. All aggregated PREA data, from facilities under CDCRs [sic] direct control and private facilities with which it contracts, shall be made readily available to the public at least annually through the CDCR website. Before making aggregated PREA data publicly available, all personal identifiers shall be removed. PREA data collected shall be maintained for 10 years after the date of the initial collection."

## **115.72 Evidentiary standard for administrative investigations**

**Auditor Overall Determination:** Meets Standard

### **Auditor Discussion**

Department Operations Manual, Chapter 3, Article 22, section 33030.13.1 (Investigative Findings) states that allegation findings will be made by the Hiring Authority. The definition for “not sustained” and “sustained” indicate that a preponderance of evidence is necessary to prove or disprove an allegation. Interviews with the warden and ISU staff indicated they are aware of this standard in determining if allegations of sexual abuse or sexual harassment are substantiated, unsubstantiated or unfounded. This auditor reviewed investigative files and found this determination is made based on a preponderance of the evidence.

## 115.73 Reporting to inmates

**Auditor Overall Determination:** Meets Standard

### **Auditor Discussion**

Department Operations Manual, Chapter 5, Article 44, section 54040.12.5 (Reporting to Offenders) states, "Following an offender's allegation that a staff member has committed sexual misconduct against an offender, the alleged victim shall be informed as to whether the allegation has been substantiated, unsubstantiated, or unfounded." The policy directs the PREA Compliance Manager or designee to inform the offender if the alleged abuser is no longer posted within the inmate's unit, no longer employed at the facility, indicted on the alleged sexual misconduct, or convicted on the alleged sexual misconduct. Following an investigation into an inmate's allegation that he suffered sexual violence by another inmate, the institution will inform the alleged victim if the allegation is substantiated, unsubstantiated or unfounded. The institution will inform the inmate whenever the alleged abuser has been indicted on the alleged sexual violence or convicted of the charge. The agency's obligation to report/inform terminates if the alleged victim is released from the agency's custody. The auditor observed that Valley State Prison provides outcome notifications to inmates in writing. For completed cases, appropriate reporting had been provided to the inmate.

## 115.76 Disciplinary sanctions for staff

**Auditor Overall Determination:** Meets Standard

### **Auditor Discussion**

Department Operations Manual, Chapter 5, Article 44, section 54040.3 (Definitions) states that staff sexual misconduct includes any “threatened, coerced, attempted, or completed sexual contact, assault or battery between staff and offenders... The legal concept of ‘consent’ does not exist between staff and offenders; any sexual behavior between them constitutes sexual misconduct and shall subject the staff member to disciplinary action and/or to prosecution under the law.” Department Operations Manual, Chapter 3, Article 22, section 33030.19 (Employee Disciplinary Matrix) contains a comprehensive list of disciplinary infractions and corresponding sanctions. While this list is not considered all inclusive, it does indicate that staff sexual misconduct with an inmate warrants dismissal from state service. Department Operations Manual, Chapter 5, Article 44, section 54040.3 (Reporting to Outside Agencies) states, “All terminations for violations of agency sexual misconduct or harassment policies, or resignations by employees that would have been terminated if not for their resignation, shall be reported to any relevant licensing body by the hiring authority or designee.”

Interviewing Human Resources staff it was confirmed that a termination and allegation of sexual abuse would result in notifying the responsible licensing body.

**115.77 Corrective action for contractors and volunteers**

**Auditor Overall Determination:** Meets Standard

**Auditor Discussion**

Department Operations Manual, Chapter 5, Article 44, section 54040.12.4 (Reporting to Outside Agencies for Contractors) states, "Any contractor or volunteer who engages in staff sexual misconduct shall be prohibited from contact with offenders and shall be reported to relevant licensing bodies by the hiring authority or designee." Interviews with the the Warden and the PREA Compliance manager indicated that any contractor or volunteer who was found to have violated agency policy related to sexual abuse and sexual harassment would not be permitted to have further contact with any inmate at any state prison. The auditor reviewed the training that is provided to volunteers and contractor and in that training it is stressed to not engage in personal business with the inmate.

## 115.78 Disciplinary sanctions for inmates

**Auditor Overall Determination:** Meets Standard

### **Auditor Discussion**

Department Operations Manual, Chapter 5, Article 44, section 54040.15 (Disciplinary Process) states, "Upon completion of the investigative process, the existing disciplinary process, which includes referral for criminal prosecution and classification determinations shall be followed. If the allegation of sexual violence warrants a disciplinary/criminal charge, a CDCR Form 115, Rules Violation Report shall be initiated." Sanctions for rule violations are determined on a matrix, commensurate with the nature and circumstances of the abuse committed, the inmate's disciplinary history, and the sanctions imposed for comparable offenses by other inmates with similar histories. This auditor reviewed CDCR Form 115s to ensure these determinations were made in accordance with the standard.

In accordance with California Code of Regulations, Title 15, section 3323 (Disciplinary Credit Forfeiture Schedule), inmates are only disciplined for sexual contact with a staff member if it is found to have occurred against the staff person's will.

Department Operations Manual, Chapter 5, Article 44, section 54040.15.1 (Alleged Victim – False Allegations) states, "Following the investigation into sexual violence, or staff sexual misconduct, if it is determined that the allegations were made not in good faith or based upon a reasonable belief that the alleged conduct occurred, the offender making the allegations may be subject to a disciplinary action. A charge of 'making a false report of a crime,' a Division 'E' offense, is appropriate only if evidence received indicates the offender knowingly made a false report. An allegation deemed unsubstantiated or unfounded based on lack of evidence, does not constitute false reporting." CDCR prohibits sexual activity between inmates. In the interest of public health and safety, California state law requires the CDCR to make condoms available in all state prisons. Condoms are made available free of charge, and inmates may possess up to three at any given time. This law does not change the fact that sexual activity between inmates is illegal and can be addressed according to the California Code of Regulations, Title 15 and the California Penal Code. Interviews with the Investigative staff and custody staff indicated they would investigate any sexual activity to determine if it was consensual prior to pursuing it as a PREA matter or disciplinary matter.

## **115.81 Medical and mental health screenings; history of sexual abuse**

**Auditor Overall Determination:** Meets Standard

### **Auditor Discussion**

Department Operations Manual, Chapter 5, Article 44, section 54040.7 (Detection, Notification, and Reporting) states, "If it is reported by an offender during initial intake screening or at any other time during his/her confinement within CDCR, that he/she has experienced prior sexual victimization or previously perpetrated sexual abuse, whether it occurred in an institutional setting or in the community, staff shall ensure that the inmate is referred to mental health utilizing the CDCR Form 128-MH5, Mental Health Referral Chrono." Inmates who are not identified at Reception or upon arrival at an institution as needing mental health services, but develop such needs later, may be referred to mental health at any time. Urgent referrals must be seen within 24 hours, and routine referrals are seen within five working days. Referrals are made for those who identify as having been victimized, as well as those who have sexually inappropriate behavior. Inmates sign an Informed Consent for medical and mental health care services, which indicates information is confidential, except for those with a need to know. CDCR Form 7552 is used when sexual violence outside of an institutional setting is reported, upon authorization of the victim. This information is routed to the Investigative Services Unit for appropriate action. Interviews with medical and mental health staff indicated they were aware of and followed standard requirements.

**115.82 Access to emergency medical and mental health services**

**Auditor Overall Determination:** Meets Standard

**Auditor Discussion**

Inmates in CDCR custody are provided with emergency medical response, treatment and transportation 24 hours a day, per policy. Incarcerated survivors who require forensic medical examinations are transported to Community Regional Medical Center. Inmates may request medical treatment for urgent/emergency needs from any CDCR employee. Interviews with medical health services staff members indicated incarcerated survivors are offered sexually transmitted infection prophylaxis information and treatment during the forensic medical exam and upon their return to the facility.

California Correctional Health Care Services has written directives in its Governance and Administration stating that copayments are not charged if health care services are considered to be treatment services relating to sexual abuse or assault. The inmate level of cooperation with any investigation does not impact this directive.

**115.83 Ongoing medical and mental health care for sexual abuse victims and abusers**

**Auditor Overall Determination:** Meets Standard

**Auditor Discussion**

Department Operations Manual, Chapter 5, Article 44, section 54040.7 (Detection, Notification, and Reporting) states, "If it is reported by an offender during initial intake screening or at any other time during his/her confinement within CDCR, that he/she has experienced prior sexual victimization or previously perpetrated sexual abuse, whether it occurred in an institutional setting or in the community, staff shall ensure that the inmate is referred to mental health utilizing the CDCR Form 128-MH5, Mental Health Referral Chrono." Inmates who are not identified at Reception or upon arrival at an institution as needing mental health services, but develop such needs later, may be referred to mental health at any time. Urgent referrals must be seen within 24 hours, and routine referrals are seen within five working days. Referrals are made for those who identify as having been victimized, as well as those who have sexually inappropriate behavior. Documentation was reviewed indicating that evaluations are taking place as required. Interviews with medical and mental health services staff members indicated ongoing treatment is provided to victims of sexual abuse, as well as known inmate-on-inmate abusers and they indicated to the auditor their belief that the facility's standard of care to be higher for the inmate's at Valley State than they would be eligible to receive. I

**115.86 Sexual abuse incident reviews**

**Auditor Overall Determination:** Exceeds Standard

**Auditor Discussion**

PREA standards require that sexual abuse incident reviews are conducted within 30 days of the conclusion of every sexual abuse investigation when the allegation is substantiated or unsubstantiated. Department Operations Manual, Chapter 5, Article 44, section 54040.17 (Institutional PREA Review Committee) directs that each Hiring Authority is required to conduct an incident review of every sexual violence or staff sexual misconduct allegation, including allegations that have not be substantiated. The PCM schedules the Incident reviews within 60 days of the date of the discovery of the allegation. The IPRC considers all of the elements required by the standard, as the information becomes available. A report is prepared at the conclusion of the IPRC meeting. The PCM indicated these reviews are conducted after discovery of the allegation on an on-going basis to ensure the facility is taking appropriate corrective action to prevent further incidents, and not waiting until the conclusion of an investigation. This exceeds the standard requirements, and shows that Valley State Prison is committed to providing a sexually safe environment for the inmate in their custody

**115.87 Data collection**

**Auditor Overall Determination:** Meets Standard

**Auditor Discussion**

Department Operations Manual, Chapter 5, Article 44, section 54040.20 (PREA Data Storage and Destruction) states, "CDCR shall ensure that all PREA data collected are securely retained. All aggregated PREA data, from facilities under CDCRs [sic] direct control and private facilities with which it contracts, shall be made readily available to the public at least annually through the CDCR website. Before making aggregated PREA data publicly available, all personal identifiers shall be removed. PREA data collected shall be maintained for 10 years after the date of the initial collection." VSP provided this auditor with a copy of their latest Survey of Sexual Victimization, and a copy of their Annual Reports. The annual reports include the data necessary to answers all questions from the most recent version of the Survey of Sexual Victimization conducted by DOJ. The annual reports are available to the public via the CDCR website at <https://www.cdcr.ca.gov/PREA/Reports-Audits.html>.

**115.88 Data review for corrective action**

**Auditor Overall Determination:** Meets Standard

**Auditor Discussion**

Department Operations Manual, Chapter 5, Article 44, section 54040.20 (PREA Data Storage and Destruction) states, "CDCR shall ensure that all PREA data collected are securely retained. All aggregated PREA data, from facilities under CDCRs [sic] direct control and private facilities with which it contracts, shall be made readily available to the public at least annually through the CDCR website. Before making aggregated PREA data publicly available, all personal identifiers shall be removed. PREA data collected shall be maintained for 10 years after the date of the initial collection." Valley State Prison provided this auditor with a copy of the latest Survey of Sexual Victimization, and a copy of their 2019 PREA Annual Reports. The report is approved by the agency head. The annual reports are available to the public via the CDCR website at <https://www.cdcr.ca.gov/PREA/Reports-Audits.html>. The reports do not contain any personally identifying information.

## 115.89 Data storage, publication, and destruction

**Auditor Overall Determination:** Meets Standard

### **Auditor Discussion**

Department Operations Manual, Chapter 5, Article 44, section 54040.20 (PREA Data Storage and Destruction) states, "CDCR shall ensure that all PREA data collected are securely retained. All aggregated PREA data, from facilities under CDCRs [sic] direct control and private facilities with which it contracts, shall be made readilyavailable to the public at least annually through the CDCR website. Before making aggregated PREA data publicly available, all personal identifiers shall be removed. PREA data collected shall be maintained for 10 years after the date of the initial collection." CDCR makes aggregated data available to the public in the form of annual PREA reports. The annual reports are available to the public via the CDCR website at <https://www.cdcr.ca.gov/PREA/Reports-Audits.html>. The reports do not contain any personally identifying information.

Valley State Prison has a separate records retention schedule for PREA documentation. Investigatory files are retained in ISU for a minimum of 10 years, or for as long as the alleged abuser is incarcerated or employed by the agency, plus five years, whichever is longer. Interviews with human resource staff, the PCM and ISU staff indicated they were aware of this this requirement and that it was followed.

## **115.401 Frequency and scope of audits**

**Auditor Overall Determination:** Meets Standard

### **Auditor Discussion**

This was the second time that Valley State has been audited. The auditor was able to review the audit conducted 3 years ago at Valley State. The agency website publishes all completed audits. Inmates were made accessible to be interviewed in a private and secure setting where the auditor and the inmate could converse. Inmates that were selected randomly and those inmates who are required to be interviewed were made available. Signs were posted informing the inmates of the upcoming audit with an address where they could write to the auditor. Correspondence was received from the inmate population. The auditor had complete access to all areas of the prison and was able to perform a thorough visual inspection of the prison.

**115.403 Audit contents and findings**

**Auditor Overall Determination:** Meets Standard

**Auditor Discussion**

Audit reports can be found on the agency website. This is the second audit of this prison since California Department of Correction and Rehabilitation began auditing.
